GENERAL

4. (1) A permit is required whenever work regulated by the Act and Regulations is to be undertaken.
- (2) No owner or agent of the owner shall work or authorize work or allow work to proceed on a project for which a permit is required unless a valid permit exists for the work to be done.
- (3) The granting of any permit which is authorized by this bylaw shall not:

 - (b) make either the municipality or any municipal official or any inspector appointed by the municipality liable for damages or otherwise by reason of the fact that a building, the placement, erection, construction, alteration, repair, renovation or reconstruction of which has been authorized by permit, does not comply with the requirements of any such building restriction agreement, bylaw, Act and/or regulation.

BUILDING PERMITS

5. (1) Every application for a permit to erect, place, construct, alter, repair, renovate or reconstruct a building shall be in Form "A", and shall be accompanied by two sets of the plans and specifications of the proposed building, except that when authorized by an inspector plans and specifications need not be submitted.

- (7) Approval in writing from Council or its authorized representative is required for any deviation, omission or revision to work for which a permit has been issued under this section.
- (8) All permits issued under this section expire
 - (a) six months from date of issue if work is not commenced within that period, or
 - (b) if work is suspended for a period of six months, or longer by prior written agreement of the Council.
- (9) Council may, at its discretion, rebate a portion of a permit fee where work is reduced in scope or discontinued, or where other exceptional circumstances occur.

6. (1) (a) The fee for a permit to demolish or move a building shall be \$300.00; 100% refundable subject to 6(1)(b).
 - (b) The applicant shall deposit with the municipality such sum as the Council or its authorized representative considers sufficient to cover the cost of restoring the site after the building has been demolished or removed to such condition that it is, in the opinion of the Council or its authorized representative, not dangerous to public safety. If the applicant who demolishes or removes the building restores the site to a condition satisfactory to the Council or its authorized representative, the sum deposited shall be refunded.
- (2) Every application for a permit to demolish or remove a building shall be in Form "C".

Bylaw 13-90

- (3) Where a building is to be demolished and the municipality is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated, the municipality, upon receipt of the fee and deposit prescribed, shall issue a permit for the demolition in Form "D".
- (4) Where a building is to be removed from the municipality, and the municipality is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated, the municipality, upon receipt of the fee and deposit prescribed, shall issue a permit for the removal in Form "D".
- (5) Where a building is to be removed from its site and set upon another site in the municipality, and the municipality is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated, and the building when placed on its new site and completed, to the best of the knowledge of the Council or its authorized representative, will conform with the requirements of this bylaw, the municipality, upon receipt of the fee and deposit prescribed, shall issue a permit for the removal in Form "D".
- (6) All permits issued under this section expire six months from the date of issue except that a permit may be renewed for six months upon written application to the municipality.
