

**MISSION STATEMENT:**

The mission of the R.M. of Gull Lake No. 139 is to maintain and enhance the economic, cultural and social well-being of our ratepayers. Equally, our vision is to create an environment that stimulates growth and provides well planned and organized services through a commitment to sound management and leadership.

To respect the existing development and uses while promoting and articulating orderly, predicable and sustainable land use allocation and development through clear and active policies. We accomplish our mission by encouraging sustainable economic and community development while maintaining our unique rural quality of life. We are committed to pursuing our vision and continuing to provide quality service at a reasonable cost.
